

All text must be outlined.

Acceptable artwork formats are:

Adobe Illustrator (.ai) or Encapsulated Post Script (.eps)

To find the width of the print area take the Diameter of the tube and multiply it by pi.

$$\text{Width} = \text{Diameter} \times \pi$$

Below are common diameters converted into print area width. Print area height is based on the length of the tube ordered.

| Tube Diameter | Print Area Width |
|---------------|------------------|
| 13mm | 40.84mm |
| 16mm | 50.26mm |
| 19mm | 59.69mm |
| 22mm | 69.11mm |
| 25mm | 78.53mm |
| 30mm | 94.24mm |
| 35mm | 109.95mm |
| 38mm | 119.38mm |
| 40mm | 125.66mm |
| 45mm | 141.37mm |
| 50mm | 157.07mm |
| 55mm | 172.78mm |
| 60mm | 188.49mm |
